A Chuckle a Day Keeps The Doctor Away

I've learned two very important lessons in my life.
I don't remember the first one, but the second one is to write everything down.

Before the crowbar was invented… Crows just drank at home.

Where do bad rainbows go?
To prism. It's alight sentence, but it gives them time to reflect.

I went to the zoo yesterday and saw a baguette in a cage.
The zookeeper told me it was bread in captivity.

What's the difference between ignorance and indifference?
I don't know and I don't care.

Be the reason someone smiles today!
